THE FUTURE OF REHABILITATION

www.therapie-leipzig.com

MODERN AND EVIDENCE-BASED REHABILITATION

You can look forward to an innovative trade fair on neurological and neuro-orthopaedic treatment and care in clinics and practices.

NEUROREHABILITATION LIVE IN PRACTICE

Unique: In the **SPECIAL PRESENTATION AREA**, THERAMotion will be carrying out live treatments on patients with neurological symptoms in accordance with the latest guidelines, using current technology and under consideration of efficient practice management.

Practical: In **CASE DISCUSSIONS**, visitors can observe how established therapies can be applied in combination with the latest rehabilitation technology.

Topical: On the **PODIUM**, highly interesting expert panel discussions and lively debates with political content will be held.

CONGRESS

Interdisciplinary: Doctors and professors from the German neurorehabilitation associations DGNR and DGNKN are attending the event to talk about the latest developments in rehabilitation for patients with neurological symptoms.
